SERVICE OF THANKSGIVING

The United church was filled to capacity at 7.30 on Tuesday evening for the service of thanksgiving for cessation of hostilities in Europe.

The programme consisted of several hymns and prayers of thanksgiving, selection by the girls' choir, prayer of dedication, litany, period of silence for those who have fallen, and an appropriate address by the pastor, Rev. James McKelvey.

SUNDAY NEXT AT

THE UNITED CHURCH

Next Sunday the Sunday school anniversary will be observed at the United church with a Mother's Day programme by the scholars, to which all parents and friends are invited.

At the evening service at 7.30 musical numbers will be given by the male voice choir, and the girls' choir will also be in attendance at this Mother's Day service. This will also be a service of thanksgiving. A social hour will be held in the assembly hall at the close of the service under the auspices of the Y.P.U.

COWLEY HAPPENINGS

School was closed here on Tuesday, observing the declared holiday on the surrendering of Germany to the Allies; and owing to the death of Peter Iwaszuk's father, which occurred in Calgary on Monday, the senior room of the village school remained closed for the rest of the week.

On Thursday afternoon of last week Mrs. Eddie Smyth was hostess at her home when she entertained the Ladies Aid of the United church for their monthly meeting. Principal business was discussions on ways and means of raising funds to carry on. There was a good turnout and an enjoyable time was spent.

A tea, sponsored by the Ladies Auxiliary of St. Joseph's Roman Catholic church, was held in the Masonic hall on Saturday afternoon with a good attendance. The tea tables were tastily decorated with bouquets of wild crocuses and laden with a variety of tasty viands, tempting coming appetites to do justice.

When the good word came on Monday of Germany's surrender, the village school celebrated by the pupils marching up and through the town, carrying flags and singing our national anthem. In the evening the celebration was continued with a big bonfire and concluded with a dance in the Cowley opera house.

Local stores were very fittingly decorated for VE-Day.

THE PASS' CELEBRATES

The entire Crow's Nest Pass was en fête on Wednesday of this week in celebration of the Allied victory in Europe. In the forenoon citizens were busy lining up floats, etc., which gathered first at Coleman, from which point the great procession of thousands by motor and on foot wended its way to Blairmore, where they were greeted by a thousand more of men, women and children. At the bandstand a programme consisted of an address by His Worship Mayor E. Williams, followed by Rev. W. E. Brown, Rev. James McKelvey and others. The procession continued on to Frank, Bellevue and Hillcrest, where similar services were held.

Included in the parade were several bands and a large number of floats. Returning from the Blairmore athletic grounds at about dusk, where a most brilliant display of fireworks was staged and children treated, followed by return to Victoria Street, between Fifth and Seventh avenues—especially blocked off for the occasion—where dancing continued till the midnight hour.

An added feature of the evening was a large blazing V on the face of Turtle Mountain.

Never in the history of the Crow's Nest Pass has such a turnout of citizens been seen, and such good order maintained. Those in charge of the programme deserve the highest commendation for a job well done.

Space will not permit us going further into detail, but we doubt if any place in Alberta could have staged a bigger display in comparison to its population.

A TASK FOR JOHN L. LEWIS

(By R. J. Deschamps)

The test of the statesmanship of Labor is the size of the total payroll in terms of real dollars and the number of workers employed.

Here are the total wage payments, in mining, in the United States, over a period of years. One column shows money wages, the other, real wages—that is after adjustments for changes in the cost of living. This measures the leadership record of John L. Lewis.

	PAYROLLS	
	Mining Money Wages	Real Wages (Adjusted for changes in Cost of Living)
1914	559 million	\$ 960 million
1923	1,233 "	1,245 "
1924	1,100 "	1,109 "
1925	1,065 "	1,046 "
1929	975 "	980 "
1933	409 "	545 "
1938	564 "	650 "
1939	588 "	728 "

There is nothing here for which Labor need be grateful to John L. Lewis. In terms of real earnings (see right hand column) the miners in 1939 received a total income which represented 64.2 per cent of the 1923-25 level, only 75.8 per cent of the 1914 level. The record of John L. Lewis is a record of failure.

Now let us look at the number employed:

THE MINING INDUSTRY (Bituminous coal, anthracite, metal)		
1914	863,700	1,739 38.7
1929	771,500	1,488 40.2
1933	489,400	778 30.6
1938	537,500	718 25.7
1939	502,000	756 29

These figures are official. They come from the U.S. Department of Labor.

The marriage of Miss Daphne Scott, daughter of Mr. and Mrs. D. Scott, of Woking, to Tpr. George Allan, of the Calgary Tanks, younger son of Mrs. Lois Allan and the late John Allan, former staff sergeant of the Mounted Police and well known in Macleod and through this district, took place at St. John's church, Woking, Surrey, England, on April 14th.

KING CONGRATULATES ARMIES

On Victory Day the King sent a message to General Eisenhower, congratulating him and his armies on the complete and crushing victory in Europe. Text of the message:

"Eleven months ago you led the Allied expeditionary force across the English Channel, carrying with you the hopes and prayers of millions of men and women of many nations. To it was entrusted the task of annihilating the German armies in western Europe and of thus liberating the peoples whom they had enslaved.

"All the world now knows that after fierce and continuous warfare this has accomplished its mission with a finality achieved by no other such expedition in history.

"On behalf of all my peoples, I ask that you, its supreme commander, will tell its members how deeply grateful we are to them, and how unbounded is our admiration for the courage and determination which under wise leadership have brought them to their goal of complete and crushing victory.

"I would ask you also to convey a special message of congratulation to my own forces now under your command. Throughout the campaign they have acquitted themselves in all services with a valor and distinction for which their fellow countrymen will forever hold them in honor.

(Signed) GEORGE, R.I."

Next Sunday—Mother's Day—will be observed throughout the United States as a day of prayer for offering "joyful thanks to God for victory we have won, and to pray that He will support us to the end of our present struggle and guide us into the way of Peace." The President asked the prayer and thanksgiving in celebration not to forget that sorrow and time of VE-Day. HILLCREST HAPPENINGS

Mr. R. Henderson left for Calgary on Saturday last.

Mrs. A. Berrington and daughter Darlene, formerly of Clareholm, are spending a brief visit here with the former's parents, Mr. and Mrs. G. Thornton.

A most enjoyable concert, sponsored by Mr. W. G. Moffatt, was held in the Union hall on Monday evening. The usual high calibre of school choruses was displayed by the various grades. Vocal solos were rendered by Alice Delowski, Faye Ashmore, Dickie Gardiner, Louis Olinek and Roy Clarke; and vocal duets by Effie Gardner and Mary Lelak, Chrissie Smith and Mary Ferby, Dick Thomas and Allan White; instrumental solos by Tom Mottl and John Albizzati, piano accompaniment; Betty McNeil and Teddy Moser, violin. A tap dance by Irene Nykolaychuk, Valeria Martinek, Ernestine Monti and Doreen Curry added variety to the programme. A one-act drama by Betty Ann White, Chrissie Smith, Mary Ferby and Rickie Brown, all of Grade IX, was especially well acted and thoroughly enjoyed by the audience. Two selections by the orchestra, conducted by Mr. W. H. Moser, concluded the programme.

A gala array of red, white and blue streamers and flags decorating the whole of main street was the result of the VE-Day declaration. The floats for the parade were particularly attractive. There is a feeling of celebration and thanksgiving throughout the community.

The United church was filled to capacity on Tuesday evening, when Rev. W. H. Irwin conducted a service of "Peace." The President asked the prayer and thanksgiving in celebration not to forget that sorrow and time of VE-Day. The beautiful flower-beds abide in the homes of those who donated by a friend in memory of

HILLCREST CITIZEN PASSES IN CALGARY

George Iwaszuk, 56, well known citizen of Hillcrest passed away in the Calgary General hospital on Monday following a lengthy illness. George was born in Carlow Galicia, Poland, and came to Hillcrest thirty-two years ago, where he was employed as a coal miner.

He is survived by his wife, Ann; one son, Peter, of Cowley; two stepsons, Harry Semotluk, of Robertsville, Quebec, and Daniel, of Detroit, and one sister, Helen.

The remains were brought to Blairmore on Thursday morning, and interment will take place at Hillcrest on Monday at 5 p.m. following service at the Hillcrest Catholic church.

VICTORY LOAN STILL IN NEED

With the news of the surrender of Germany's armed forces and cessation of major hostilities, many citizens may conclude that the need for backing our government by means of the Eighth Victory Loan is over. It is exceedingly unfortunate if such an impression prevails. Guerrilla fighting, policing enemy countries, caring for our wounded and former prisoners of war, and feeding starving millions in allied countries will require immense sums of money and other happier uses such as bringing our boys home with transportation, mustering out pay and rehabilitation costs, equally immense sums will be needed over the next six months.

There is still much to be done. Let's finish the job now and say thanks by heavily oversubscribing the Eighth Victory Loan.

Price Control And Rationing Information

Q.—Do I have to surrender ration coupons for infant's food?
A.—Infant's canned vegetables are unrationed, but the canned fruit or fruit mixed with cereal or any other food is rationed. The rate is 20 fluid ounces for one preserves coupon, which gives you four of the small five ounce tins.

Q.—Which coupons will we use for preserves and sugar for canning when the present sheet of orange preserves coupons has been used up?
A.—You will use coupons "P" in ration five for this purpose. The Board will announce in the usual way when the first coupons on this page will become valid.

Q.—I am waiting for my discharge from the Air Force. I have been told that it will be difficult for me to purchase a civilian suit. Does the Government not try to help the ex-servicemen in obtaining clothing?
A.—Every demobilized man or woman at the time of discharge will be issued a certificate which will entitle him to buy one either ready-to-wear suit or suit tailored to measure. These certificates will be issued to the servicemen in buying his suit, but it is not compulsory that the certificate be presented when a purchase is made.

Q.—Have any of the ration coupons in ration book five been declared invalid?
A.—All ration coupons in book five are still valid.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you can find out of your selling prices, mentioning the name of this paper to the nearest War Relocation Office or War Relocation Office in your province.

Education For Peace

EVENTS OF THE PAST THIRTY YEARS have taught us much about war and peace. In that time we have participated in two world wars and have witnessed twenty years of uneasy peace. We are now nearing another era of peace and there is profound hope among the people of the victorious nations that it will not be uneasy and that it will be more enduring than the last one. It is now realized that there cannot be any hope for permanent world peace unless we are prepared to put into it as much energy and interest as we have given to the prosecution of the war. Lethargy on the part of people and of nations made it possible for the Axis powers to build up sufficient armed might to seriously threaten the whole world, and there is no doubt but that they are prepared to do it again in the future, if we do not remain constantly vigilant.

Approaches to the difficult task of laying the foundations for an enduring peace are being made through many channels. World trade conditions, social and economic problems, international boundaries and countless other matters are involved in the consideration of possible causes of future wars. Among those who have joined in the effort to plan for a wise and lasting peace are educationists here and in other democratic countries. From them have come strong recommendations that a permanent international office for education be included as part of the world peace machinery. We have seen what was accomplished in Germany by inculcating the youth of that country with Nazi ideas. The great value of an educational program, designed to make our young people aware of the principles of democracy and of the forces which threaten democratic institutions, should not be overlooked at this time.

Should Learn Of Democracy
Educational leaders in Canada have joined with those of Great Britain and the United States in pointing out the importance of education as one of the means of safeguarding the peace. Dr. E. F. Willoughby, of Winnipeg, President of the Canadian Teachers' Federation, stated recently that "if the people of Canada do not succeed in building a new, intelligent, informed, loyal citizenship we shall lose the war, even though our soldiers march in triumph through the streets of Berlin." He further suggested that Canadian schools should be deliberately designed to provide education "in and for democracy" as a means of preserving our way of life. Such a program would place a great responsibility on those engaged in educational work, but it would also give them an opportunity to have a part in the building of an enduring peace.

No Help Whatever

Gold The Germans Had Stored No Use As War Aid

Just about the most useless thing the Germans could have possessed in this war was all that gold they had cached in a salt mine. Not because they had it hidden a couple of thousand feet underground but because it was of no use to them in any place or in any form. Gold is, in fact, the one "non-strategic" war metal, as our own Canadian metal regulations reveal. It will not serve as a ration, and is of no help in the provision of munitions or equipment.—Halifax Herald.

Sugar Rationing

The Effect Of The War On Sugar Consumption

In the pre-war period, the United Kingdom was the largest consumer of sugar on a per-capita basis, and Canada was the smallest, according to the second report of a special joint committee of the Combined Food Board, reporting on food consumption levels in the United States, Canada and the United Kingdom. In 1944 the United States is expected to have the largest per-capita consumption of sugars and syrups, and the United Kingdom the least. As all three countries are dependent upon offshore sources for a substantial portion of their sugar supply, some decline in consumption is to be expected during wartime. Reductions of about 10 per cent. in the United States and Canada, and of approximately 30 per cent. in the United Kingdom have occurred since the pre-war period. Sugar was rationed at an early date in all three countries, and the level of consumption has remained fairly constant since rationing became effective. Relatively small increases in consumption are expected in all three countries in 1944, as compared with 1943. Preliminary estimates for 1944 of food supplies entering into civilian consumption per year per head of population place the figures as follows: Sugars and syrups, United States, 94.9 lb.; Canada, 89.6 lb.; Britain, 75.0 lb. Pre-war figures were, United States, 106.7 lb.; Canada, 103.3 lb.; Britain, 109.7 lb.

TO RESTORE CHURCHES

The British Information Services reported that Britain's Protestant churches aim to raise £1,000,000 (\$4,500,000) for rehabilitation of churches and ministries in liberated Europe. The B.I.S. said the plan was made known in a statement from the Archbishop of Canterbury endorsed by the heads of all Protestant denominations in Britain.

Penicillin Mist Absorbed Through Lungs Arrests Growth Of Blood Poisoning Bacteria

Penicillin airborne in a fine mist and absorbed into the blood through the lungs may become a common way of applying this amazing healer. Reporting in the Lancet, a medical publication, bacteriologists Frank Alexander Klotz and W. H. Clark, of Guya hospital, London, told of tests where volunteers sat for 15 minutes in a small closed room into which half a teaspoon of penicillin had been sprayed. Blood samples showed sufficient concentration to arrest the growth of the bacteria causing blood poisoning.

"But, mummy, you don't mean he's a woman, do you?"

"There are two things bridge has taught women, concentration and self-control," says a writer. Not to mention the art of opening cans and how to buy a meal at the delicatessen counter.

"What sort of a dog is he?" "An entomologist." "But an entomologist is a collector of insects."

As they propped themselves up against the bar, Thomson remarked: "I say, old man, when your wife's away, do you have to tell her everything that you do?"

"I say, you gave that clock room attendant an enormous tip," said the business man to his friend as they left the restaurant. "Naturally," said the friend, "look at the splendid new coat he's given me."

VALUE OF TOXOID EMPHASIZED

The authentic report from the division of UNRRA that Nazi armies carried diphtheria with them to all parts of invaded Europe is significant in that it serves to emphasize the value of toxoid and just what can happen when health services, including immunization, are disrupted or neglected. Canadian health authorities have reason for alarm over such a report.

The UNRRA report said Norway, the Netherlands, Belgium, Northern France and Czechoslovakia were especially. Only Great Britain and Hungary, where immunization was pushed to the limit, escaped the scourge.

Disease carriers with the Nazi armies spread diphtheria epidemics wherever they went. The same can happen in Canada, with our own returning troops perhaps being the innocent "carriers."

In an editorial warning against diphtheria, the Toronto Globe and Mail said that "considering that thousands of Canadian soldiers soon will be returning from the Netherlands, Belgium and Northern France, which have epidemic numbers of the German-borne scourge, the value of toxoid is underlined."

The editorial was published during observance of Toronto's 15th annual Toxoid Week, sponsored by the Health League of Canada and the Toronto Department of Public Health. It stated that "careless parents who fail to take advantage of the opportunity to have children treated at no cost to them will be derelict in duty if they fail to guard against a threatened invasion of the disease. They surely ought to be shaken from their indifference by the warning that oases constitute no effective barrier against a disease of the diphtheria type."

Dr. Gordon Jackson, Toronto's medical officer of health, said in a Toxoid Week message that toxoid is the only substance known to science that proves efficient, lasting and positively harmless in the protection against diphtheria.

Hope To Find Common Ground At Conference

SAN FRANCISCO.—Reports that some Latin American countries desire to give Argentina an official post in the United Nations security conference ran into opposition from the United States.

"United States delegates, it was learned, have taken the stand that Argentina, a late entry into the war, ought to prove she can be a 'good neighbor' before she gets anything beyond admission to the conference."

The U.S. stand became evident while Russia was supporting a voting formula which would prevent a bloc of 21 American republics (including Argentina) from swaying conference decisions.

The Big Three leaders—Foreign Secretary Eden, State Secretary Stettinius and Soviet Commissar Molotov—met in conference, and it was reported that voting procedure was one of the problems discussed.

While delegates listened to a last round of formal speeches in the opera house before tackling the real work of cutting a pattern for a peaceful world, there were these additional developments:

1. Labor leaders from Britain, the United States, France and Russia asked formally that they be allowed to sit in on the conference as consultants.

2. Foreign Minister Georges Bidault said France was agreeable to establishment of a chain of internationally-controlled bases but that she won't put Indo-China or such of her Pacific islands as New Caledonia and Noumea under international guardianship.

On the question of bases, several members of the United States delegation are insisting that key islands captured from Japan remain under United States control.

At a news conference, Mr. Bidault proposed international control of the Ruhr, once the heart of Germany's war production mechanism, and called for closing Rhine invasion routes for all time.

While some snags still lie in the path of the conference, Archibald MacLeish, assistant secretary of state, predicted that the four sponsoring powers—Russia, China, Britain and the United States—"will find 'A common ground' of agreement on amendments to the Dumbarton Oaks blueprint for a world organization."

A Heavy Price That Was Paid For A Total War

WESTERN GERMANY.—A trip by automobile through Krefeld, Cologne, Bonn, Frankfurt, Leipzig and Torgau, where Russian and American troops contacted one another, reveals the disastrous consequences to a nation which in this century wages and loses a total war.

The pattern of destruction along this 500-mile stretch through the heart of Germany has obviously been drawn by the Allies along systematic lines.

Everywhere where there existed an industrial plant which could assist Germany's war effort, that plant, whether important or trivial, has been utterly destroyed or at least badly damaged by bombing.

Everywhere where there existed an area in which the Germans fought to stem the Allied advance, that area has been shattered by bombing and shellfire. Every field, village and town which did not directly contribute to the German war effort has been left almost untouched.

That is the full meaning of total war.

In the bombed and shelled areas, furthermore, one sees hundreds of square miles of deserted streets piled high with rubble. Civilians are few and far between, and they proceed hurriedly about their business of obtaining food and water before disappearing from the streets to take shelter in the cellars that now serve as their homes.

On the other hand, in the villages and towns untouched by war, the civil population is swollen to three, four and even five times its normal size by refugees from the bombed-out areas, so that even in comparatively quiet rural areas the effects of total war are fully brought home to the civilian population.

Hudson's Bay Company To Award Scholarships To Canadians

LONDON.—Rt. Hon. Vincent Massey, Canadian high commissioner in London, announced that the Hudson's Bay Company will award two scholarships yearly to Canadians to enable them to study economic theory and business practice in Britain and another two to Britons to enable them to study the same subjects in Canada.

Making the announcement in an address at a luncheon celebration of the 275th anniversary of the Hudson's Bay company, Mr. Massey said the scholarships would not only forge new links between Canada and the United Kingdom but "will bring new resources to bear on some of the most urgent problems of our time."

Hon. Vincent Massey Says Canadian Bombers Did Super Job

LONDON.—Rt. Hon. Vincent Massey, Canadian high commissioner, and Mrs. Massey returned to London after a five-day tour of the Canadian air force and naval installations in England, Scotland and northern Ireland.

On a two-day visit to the Canadian bomber group in Yorkshire, Mr. and Mrs. Massey made formal inspections of several squadrons and in a brief address at a banquet which climaxed the visit Mr. Massey said: "A super job has been done by those Canadian squadrons and the Canadian people must know of the great contribution made by this bomber group to the victory now being won."

Registered Letter From China To Canada Costs Small Fortune

PRINCE GEORGE, B.C.—It takes a small fortune to mail a registered letter from China to Canada these days. Pat Low, Prince George Chinese, received a registered letter from Chungking the other day. Postage on the envelope totalled \$22 in Chinese funds which is equal to \$16 in Canadian money.

Mr. Low is keeping the postage stamps which include two for \$100, 10 at \$5, one at \$10 and two at \$1.

RECEIVES DECORATION

LONDON.—Lt.-Col. C. C. I. Merritt of the South Saskatchewan Regiment, whose cool heroism in the bloody Dieppe reconnaissance in force of 1942 won him the Victoria Cross, chatted with the King for nearly a minute as he received the Empire's highest decoration for valor.

EMPLOYEES CAMPAIGN.—W. A. Mather, vice-president of western lines, Canadian Pacific Railway, Winnipeg, is sponsoring a drive of Canadian Pacific Railway employees from the head of the lakes to Vancouver Island in their Fifth Victory Loan campaign.

VICTORY LOAN CAMPAIGN.—A shield and four cups presented by W. A. Mather, vice-president of western lines, Canadian Pacific Railway, Winnipeg, is sponsoring a drive of Canadian Pacific Railway employees from the head of the lakes to Vancouver Island in their Fifth Victory Loan campaign. The railroaders rolled up more than \$4,000,000 in the last loan, and hope to top that mark this time, bringing their total subscriptions in all loans, including this one, to more than \$20,000,000. The shield (at centre) above, will be presented by Mr. Mather to the district of western lines—Manitoba, Saskatchewan, Alberta or British Columbia, which makes the most outstanding achievement in the eighth loan, while one of the four cups shown above will go to the division on each of those districts making the best showing on that district.

New Duties Of Canada's Great Bombing Leader Not Specified

LONDON.—Johnny Fauguer, Canada's great bombing leader, who reverted to the rank of group captain from acting air commodore so he could get back in the air and lead the famed dam busting squadron, has relinquished command of that unit, the R.C.A.F. announced. His new duties were not specified.

The 36-year-old Ottawa airman who holds the D.S.O. with bar and D.F.C. with bar, relinquished the position of senior air staff officer at Canadian bomber group to take over the dam busters from Wing Cmdr. J. E. Tall, an Englishman who led the squadron on the attack which sank the battleship Tirpitz last November.

Announcement Regarding Freezing Order For Teachers Expected Shortly

OTTAWA.—Arthur MacNamara, director of selective service, said Labor Minister Mitchell had recommended that the order freezing teachers to their jobs be rescinded, and that an announcement would be made shortly.

He was commenting upon a Victoria despatch saying the order freezing teachers in their profession will be rescinded Sept. 1. The despatch, he said, was "a little premature."

NAMES MENTIONED

LONDON.—The Evening News said in a front-page story that Gen. H. D. G. Crerar, commander of the First Canadian Army, and Major-General Georges P. Vanier, Canadian ambassador to France, were "among the names mentioned" as possibilities to succeed Lord Athlone as governor-general of Canada.

GAVE DONATION

Send Money To Britain To Help Postmasters Who Suffered Losses

OTTAWA.—Delegates to the Dominion executive meeting of the Canadian Postmasters' Association were told that the association had sent \$10,000 to Britain to help postmasters there recover losses suffered during the war and donated \$5,000 worth of war savings stamps to the Canadian government as a contribution to the war effort.

Delegates attending included Don Taylor, vice-president, Vermilion, Alta.; C. D. Griffith, Estevan, Sask.; secretary: Nat Gray, Sarnia, Ont.; B. R. Arnel, Rosetown, Sask.; H. C. Batty, Hartney, Man.; and Ken. Price, past president Moosemin, Sask.

Food Supplies For The Stricken Dutch People

WITH THE FIRST CANADIAN ARMY

—The mercy flight of several hundred British-based Lancasters into stricken Holland focused attention once again on the special roll of the Canadian Army in northern Europe.

While the drama of recent weeks has centred about disintegration of the Third Reich and the historic link-up of American and Soviet armies, the Canadians have proceeded methodically with the job of liberating an heroic ally in the flood-fenced lowlands. Perhaps two-thirds of Holland and five-eighths of its population have been snatched from slow death under the Nazi yoke.

But at least three million remain enslaved in the western part of the country and their sufferings have been steadily intensified. In the Amsterdam area the people have been falling daily under the scythe of starvation, and there is imminent danger of the city becoming another Athens.

While details of the Lancaster "food raid" are lacking, it seems a fair assumption that at least 1,000,000 pounds of provisions were dropped in the vicinity of Amsterdam, Rotterdam, Leyden and The Hague. Bundles consisted of meat, flour, yeast, salt, peas, eggs, potatoes, cheese and small quantities of other "foodstuffs." But when it is realized that this is barely sufficient to sustain a quarter of the people in the area a single day, the magnitude of the task and the limitations of this form of relief become at once apparent.

In some of the liberated districts in the vicinity of Apeldoorn, people were reduced to a pittance of a hundred grams of food a day. But they made light of their sufferings, maintaining that conditions were far worse in the great cities of the German-held triangle.

By a strange irony, eastern Holland, rich in dairy and poultry products is suffering at the moment from a surplus of food for which no market presently exists. Money is of little value, but Canadians have been purchasing four and five eggs a day in exchange for cigarettes.

Canadian Forces Will Engage In The Pacific War

OTTAWA.—Canada's navy, army and air force will participate against the Japanese on a reduced scale with forces going to the new theatre on a re-voluntary basis after 30 clear days' leave at home, following the end of the war against Germany.

The navy and air force units will co-operate closely with British forces while the army will be attached to the United States forces. All will likely be under supreme United States command.

The switch-over will be a gradual process, with Pacific force build-up predicated on the availability of bases in the crowded Pacific area, the size of the force needed for occupational work in Europe, and—not the least consideration—the availability of shipping.

Russian entrance into the war against Japan might conceivably cause a re-arrangement of Canadian plans on the basis of more easily accessible bases being available in the North Pacific.

The Pacific requires few of the corvette, frigate and minesweeper types of warcraft which make up the larger share of the Canadian navy. But many of these will be kept busy for some time after European hostilities cease, hunting down "pirate" U-boats in the Atlantic.

The army has sent observers and specialists to the Pacific in much the same way they sent officers to North Atlantic before participating in Mediterranean action. Speculation has been that the army—which operated a two division corps in Italy and now has a five-division two corps army in northwest Europe—will operate a division against the Japanese with another division in reserve.

Most frequently mentioned name as commander of the Pacific formation is Maj.-Gen. Dan Spry, 32, of Winnipeg and Halifax, youngest general in the Canadian army.

The air force, whose squadrons flew more than 26,000 action-packed sorties last year, will likely leave 10 or 11 fighter and bomber squadrons behind in Europe as part of the police force to fly "bag-showing" patrols over the British-occupied area.

Perhaps another 15 squadrons of fighters and bombers, retaining their old European battle-tried designations, will be switched to the Pacific with Air Vice-Marshal C. M. (Black Mike) McEwen, 48, Grissold, Man., chief of Canada's bomber group, as the likely commander.

MAY NOT TAKE PART

Regulations Bar Men In Services From Entering Election Campaign

OTTAWA.—Under King's regulations and orders, the only servicemen who may take part in any manner in the forthcoming federal and Ontario general elections are service candidates and officers appointed to take service votes.

The regulations—on the books for many years—mean servicemen, other than candidates, are barred from meetings even if they don civilian clothes. Thus, the only uniforms allowed at meetings would be those of the candidate on the platform or servicemen in the audience.

Servicemen may not deal in any way with party funds and may not participate in an election as agents or scrutineers "or engage in partisan work." It is not made clear whether heckling might be considered "partisan work" and there was no official at defence headquarters who would confirm this point.

It was recalled that servicemen had taken the hustings in the Grey North by-election campaign. A military official said these cases had been investigated and it was found the men had entered the campaign "quite innocently" and "as a matter of fact were used by all parties." He added: "But it won't happen again."

Recently, regulations governing candidates were relaxed so candidates could get leave immediately after dissolution of parliament or legislature and at the same discretion, wear uniforms while campaigning. Previously they could not apply for leave until the election writs were issued.

NEW MEANING TO OLD WORDS

The word "family" has a new meaning. It used to mean a group of people living together under one roof. Now it means a group of people who are related by blood or marriage.

What is the new meaning? It is the meaning that the government has given it. The government has decided that a family is a group of people who are related by blood or marriage, and who live together under one roof.

Opportunities for ALL

Rt. Hon. W. L. MACKENZIE KING, Prime Minister

YOUR Liberal Government under Mackenzie King has taken practical steps to see that every Canadian after the war shall have a wide-open chance to make a real success of his life. It can be done by giving everybody the opportunity to get ahead faster and go further.

Isn't that what you want — a chance to make your own way IN your own way?

Here are definite, practical steps which the Liberal Government has taken (not just talked about, but taken) to make this Canada a better place to work in and bring up your children.

You will have to decide whether you want the men who devised these measures to carry them through, or whether you wish to entrust your own and your family's future to others.

1 Reconstruction

Plans for jobs for 900,000 more workers than in 1939; and 60,000 more each year as the population grows. Every kind of enterprise will be encouraged. The Liberal Government has already set up the machinery: the Department of Reconstruction.

2 Foreign Trade

Liberal objective: Sixty per cent increase in value over Canada's pre-war export trade. This means thousands of jobs, and is based on the number of jobs created by Canada's normal export trade.

3 Credit for Enterprise

The Liberal Government set up the Industrial Development Bank to provide money at low interest for long terms to help enterprising Canadians to develop new business. Another step towards creating full employment.

4 Exports Encouraged

War-torn countries will want to buy tremendous quantities of Canadian goods. To facilitate this, the Liberal Government has set up the Export Credit Insurance Act to do two things: (1) to insure Canadian exporters against loss, and (2) to make loans to foreign governments under contract to Canadian exporters.

5 Farm Improvement Loans

Your Liberal Government has made low interest loans available to farmers to finance their work and make improvements.

6 Guaranteed Markets

To provide farmers with a better wartime income, the Liberal Government made contracts for definite quantities of important products at agreed prices—namely bacon, eggs, cheese and beef. These contracts have worked out so well the Liberal Government extended many for longer periods.

What you have done in war—you can do in peace. You can do your part by supporting the Liberal Candidate in your constituency.

Canadian Wheat

Survey Of Wheat Stocks Held On Canadian Farms

A According to the annual March survey of grain held on farms, the stocks of Canadian wheat in all North American positions on March 31, 1945, were 502,977,991 bushels, of which 24,076,406 bushels were held in bond in the United States against a decline of 42.6 million bushels from March 31, 1944. The bulk of the Canadian wheat stocks is held in country elevators and on farms, with 180 million bushels, or 38 per cent. of the total, in country elevators and 154 million bushels, or 32 per cent., on farms. A year ago there were 195 million bushels of wheat in country elevators and an estimated 210 million bushels on farms. Farm stocks have thus declined by 56 million bushels despite a much better crop in 1944 than in 1943 and the reduced use of wheat for live-stock feed. More generous delivery quotas in the Prairie Provinces have permitted farmers to move more grain into commercial channels.

Farm stocks of wheat in the Prairie Provinces accounted for 149 million bushels of the total 154 million bushels held on farms. The quantity of wheat on farms in Manitoba is estimated at 14 million bushels; in Saskatchewan at 90 million bushels, and in Alberta at 45 million bushels. From this grain will be taken seed for the 1945 crop and feed for live stock and poultry during the remaining third of the crop year, leaving the balance available for delivery or carry-over at July 31.

Lesson: 1 Kings 12-22; II Kings 1-10; 15; 17:6-8.
Devotional Reading: Amos 5:6-15.

1 KINGS 12:28 And Jeroboam said in his heart, Now will the kingdom return to the house of David: 27 If this people go up to offer sacrifices in the house of Jehovah at Jerusalem, then will the heart of this people turn again unto their lord, even unto Rehoboam king of Judah; and they will kill me, and return to Rehoboam king of Judah. Whereupon the king took counsel, and made two calves of gold; and he said unto them, It is too much for you to go up to Jerusalem: behold thy gods, O Israel, which brought thee up out of the land of Egypt. 29 And he set the one in Beth-el, and the other put he in Dan. 30 And this thing became a sin; for the people went to worship before the one, even unto Dan.

16:30 And Ahab the son of Omri did that which was evil in the sight of Jehovah above all that were before him. 31 And it came to pass, as if it had been a light unto him, that he walked in the sins of Jeroboam the son of Nebat, that he took to wife Jezabel the daughter of Ethbaal king of the Sidonians, and went and served Baal, and worshipped him. 32 And he reared up an altar for Baal in the house of Baal, which he had built in Samaria. 33 And Ahab made the Asherah; and Ahab did yet more to provoke Jehovah, the God of Israel, to anger than all the kings of Israel that were before him.

19:1 And Ahab told Jezabel all that Elijah had done, and withal how he had slain all the prophets with the sword. 2 Then Jezabel sent a messenger unto Elijah, saying, So let the gods do to me, if more so, if I make not thy life as the life of one of them by to-morrow about this time. 3 And yet he would not let himself be moved, and he went for his life, and came to Beersheba, which belongeth to Judah, and left his servant there. 4 But he himself went a day's journey into the wilderness, and came and sat down under a juniper tree; and he requested for himself that he might die, and said, It is enough; now, O Jehovah, take away my life; for I am not better than my fathers.

13 And Ahab, behold, there came a voice unto him, and said, What doest thou here, Elijah? 14 And he said, I have been very jealous for Jehovah, the God of hosts; for the children of Israel have forsaken thy covenant, thrown down thine altars, and slain thy prophets with the sword; and I, even I only, am left; and they seek my life, to take it away. 15 And Jehovah said unto him, Go, return on thy way to the wilderness of Damascus; and when thou comest thither, shalt thou anoint Hazael to be king over Syria; 16 and Jehu the son of Nimshi shalt thou anoint to be king over Israel; and Elisha the son of Shaphat of Abel-meholah shalt thou anoint to be prophet in thy room. 17 And it shall come to pass that when he escapeth from the sword of Hazael shall Jehu slay; and him that escapeth from the sword of Jehu shall Elisha slay. 18 Yet will I leave me seven thousand in Israel, all the knees which have not bowed unto Baal, and every mouth which hath not kissed him.

A UNIQUE GIFT

Field Marshal Smuts took with him to London where he attended the British Commonwealth talk a unique gift for Premier Churchill. It was an ashtray made from an old pear tree which the field marshal used to climb as a boy. The gift comes from some prominent citizens living in and around Malmesbury in South Africa.

EASILY CORRECTED

Honey, jam and jelly often become hard and sugary after being stored away for some time. Such a condition is easily corrected. Simply place the jar in a warm—not hot—water bath and let it remain until the sugar melts and the honey or jam is smooth again.

TORTURER EXECUTED—Josef Kramer, the S.S. Storm Group leader who was the commandant of the Belzen death camp, is shown under guard with chains on his ankles. British troops found 90,000 dead, dying and starving people, victims of unbelievable tortures by their Nazi captors. Kramer has been tried and executed according to report.

Left Fortune Behind

Germans Overlooked \$400,000 When They Fled From Holland Town

A notary of Nijmegen, Holland, found that his safe was anything but bare when he recently returned to his home after the Germans had left. Far from looting it, the Germans had left him a tidy sum in loot.

Fearful about touching the safe left it might have been booby-trapped, he asked some Canadian engineers to check it and open it for him. They did so and found inside 985,000 Dutch guilders, or the equivalent of nearly \$400,000, left behind by the Germans.

The money has been turned over to the Dutch authorities, but the notary may be rewarded with a percentage cut.

DELICACY FROM SIBERIA

Swans from Siberia are being sold in London as food. To escape the Russian winter they fly to Iceland where they are shot, sold to Britain and finally appear as a delicacy in West End restaurants. The birds are about the size of a turkey when plucked.

Forty-eight per cent. of all patents submitted for approval by the U.S. patent office in a recent 12-year period were turned down.

REG'LAR FELLERS—Super-Salesman

The Junior Chamber Of
Commerce Nation-WideAn Organization Of Young Canadian
Men, With Branches East And West

What is the Junior Chamber of Commerce? What are its aims and objects? It is a nation-wide organization of young Canadian men, with branches in over one hundred cities and towns stretching from Halifax to Vancouver. Its aim is to weld together young men of Canada through encouragement of self-development and participation in activities. Its objects to develop in young men a greater interest in public affairs and projects that will improve our communities and our country. Our members have now adopted the familiar title of Jaycees.

The self-development phase of our activities, covers such programs as public speaking classes, business management and salesmanship classes, and other study groups where members with a common interest have the opportunity to discuss subjects that interest them. In addition to this there is the experience gained in committee work in connection with the various projects undertaken.

In the field of civic and community activities, Junior Chambers have undertaken many projects of value to their respective communities, such as: Mosquito Control; Get Out The Vote; Anti-V.D.; Boys' and Girls' Work; Traffic Safety and City Beautification.

With over 6,000 of our members in the Armed Forces one of the urgent tasks to which we have set ourselves this year is the rehabilitation of members of the services. We feel as all good Canadians must feel, that we have a personal responsibility to the men who are serving overseas.

On the home front there is hardly a phase of the war effort that has not been assisted by members of the Junior Chamber. Ten thousand members from coast to coast are working through combined efforts to help the war effort by active participation in Blood Donor, War Services, Victory Loan, Community Chest, Red Cross and many other campaigns.

The Saskatchewan Junior Chamber is an organization composed of 14 affiliate groups in the province, comprising a membership of over 1,000 young men between the ages of 20 and 40. It is known as Region 3 of the Junior Chamber of Commerce of Canada, and this year is represented on the National Executive by a Vice-President and a National Director.

Realizing that as the fathers of the coming generation they have a vital stake in the community and that to them will be given the responsibility of implementing a successful, peaceful economy, the Junior Chamber of Commerce through leadership training aspires to fulfill its obligation to our Country and Community. How we can fulfill this obligation will be the theme of our discussion this year when we meet at our tenth annual provincial convention at Regina on May 12 and 13.

Receives Many Letters Just Four Classes

People From All Over World Have Written General Eisenhower

Few motion-picture stars ever received such a torrent of letters and gifts as does the supreme commander of the Allied Expeditionary Force.

People from all parts of the world send General Eisenhower such things as tooth brushes, gingerbread, cigarettes and sweaters. Occasionally there are epidemics of certain gifts. Once he was swamped by hominy grits, which he turned over to hospitals. Another time, for no discernible reason, there was a plethora of four-leaf clovers.

Many of the letters received by General Eisenhower have the opposite purpose: the writers want something. Mostly they ask for autographs or pictures. Some would appreciate receiving the general's battle-jacket, a five-star cluster, his necktie. Youngsters beg for German helmets, uniforms or pistols. One small boy asked for a "geuwuine Tiger tank."—New York Herald Tribune.

A TIDY PROWLER

Before dawn a prowler entered Mrs. J. P. Woodward's home in Dallas, Texas, went to the kitchen and cooked a meal. After eating the prowler washed the dirty dishes, stacked them neatly on the drain-board and left. Mrs. Woodward slept through it all.

One Correspondent Gives His Own Description Of Conquered Germans.

Conquered Germans display varied reactions. One correspondent says they consist chiefly of four classes—smilers, ignorers, smilers and wavers. Mixed amongst them are a lot of snipers, too. The smilers are dyed-in-the-wool Nazis whom nothing can convince that the present conquest of their homeland is more than a temporary rupture.

The ignorers treat Americans, British and Canadians as if they did not exist. When they approach on the narrow sidewalks of Emmerich they won't give an inch. The smilers are mostly elderly people who rejoice that the war is about over. The wavers even give the V-sign to Allied troops racing past in trucks and tanks. The emipers are shot.—Vancouver Sun.

COST GROWING UP

Your Life Magazine says that in the Roman wars the cost of man-killing was 75 cents, but by the time Napoleon had become a specialist at it the cost had mounted to \$3,000. In World War I it had increased to \$21,000, which was \$16,000 more than it was in our own Civil War. Estimates now place the cost of killing the enemy in World War II at approximately \$50,000 each.

More than 6,000,000 tons of sugar are consumed by Americans in a normal year, with 4,600,000 tons of this amount being imported.

BELLEVUE LIONS TO HOLD VICTORIA DAY CELEBRATION

A grand Victoria Day celebration will be run by the Bellevue Lions Club at Bellevue on Thursday, May 24th.

The club just recently received its charter, and this is its first public undertaking of any size. They have an active committee at work and honestly intend to give all good people of the district a full day of entertainment and at the same time hope, without charging you too much, to make a good profit on the day.

The total net proceeds will be placed in a separate fund, and with other money to be raised will be used by the Lions to build a much needed recreation hall in Bellevue.

The programme for the day will be as follows:

10 a.m. Juvenile sports.

1.30 p.m. Parade for the May Queen and attendants together in costumes, floats, decorated cars, bicycles, etc.

2.30 p.m. The "big event" of the day, when the main show will be put on in the Bellevue arena. Some of the important features will be the crowning of the May queen, May-pole dance, songs by the Blaimore male voice party, Miss A. Drodik with her violin, Ukrainian folk dances, May-time skit, and selections by the Bellevue band. Please, for your own sake, do not miss this great show.

6.30 p.m. Softball game, Bellevue Ladies Club versus Hillcrest Ladies Club.

9 p.m. Dance in the Oddfellows' hall. With the well known Arcadian orchestra in attendance and the Lions in control you are guaranteed a good time.

As mentioned above, the Lions intend to make a profit on the day, but at the same time intend to give you more than value for your money. The only admission that you need to pay to the feature attraction—Big Show—is to buy one or more tickets on the money spread, and if you buy these tickets soon enough you will also be giving votes to your choice for May Queen. Candidates are Mary Petrin, Mary Stefanie, Mary Adame, Clara White and Jean Fisher. Voting for the May Queen will close at 6 p.m. Monday, May 21st, and only ticket stubs that are in the hands of Lion President A. G. Haysom at that time will be counted. Tickets on the money spread will continue to be sold right up until the time of the draw, which will be at the dance at midnight. Price of admission to dance will be 50 cents per person. Admission to juvenile sports 25 cents, the same tag to admit holder to the softball game in the evening.

PTE. JOHN C. HUGHES IS KILLED IN ACTION

Word was received by Mr. and Mrs. J. F. Hughes, of Staveland, on Thursday of last week that their son, Pte. John C. Hughes, 28 years of age, was killed in action in Western Europe. Born and raised in Staveland, he attended school in Blaimore for four years, receiving the rest of his education in Staveland. He enlisted in 1942, proceeding overseas in January of 1945, going into action a month later. A brother, Pilot Officer Ernest Hughes, is overseas. Another brother, Roland, is at home.

TO BLOOD DONORS IN THE PROVINCE OF ALBERTA

With the fighting in Europe at an end, our efforts are still needed. Blood donor clinics will be continued, and their continuance is definitely associated with your voluntary effort of giving your blood. The Red Cross hopes that instead of seeing a decrease in donations there will be an increase, so that there will be an adequate supply to be used in our military hospitals at any time, as this material is a vital factor in restoring our wounded men's health when they are forced to undergo an operation. The Red Cross wish to thank you for your past efforts and know that you will not fail to continue.

FAMILY ALLOWANCES AND INCOME TAX

THE following announcement will help to clarify the relationship between Family Allowances and Income Tax credits for dependent children. Family Allowances are payable from July 1st, 1945, and the registration of children is now taking place.

The Family Allowances Act was designed to help equalize opportunities for all children, and when the Act was passed, Parliament approved the principle that there should be no duplication of benefits by way of Family Allowances and Income Tax credits for the same child. An amendment to the Income War Tax Act will be made to deal with this duplication. In the meantime, however, the Govern-

ment proposes, for the last six months of 1945 during which Family Allowances are payable, to remove duplication by adjusting the income tax credits received for children.

It is natural that parents in the low income groups will be expected to receive maximum benefits from Family Allowances. Partial benefits will be received, however, by parents with incomes up to \$3,000.

The table below shows the effect of the adjustments which the Government has decided to make. For convenience and simplicity the benefits received by each income group are shown as a per cent of the Family Allowances received. The table shows:

TABLE SHOWING EFFECT OF ADJUSTMENT FOR 1945

AMOUNT OF TAXABLE INCOME		Percent by which taxpayers will benefit from Family Allowances in addition to present income tax credits, for 1945.	
Over \$1200 but not over	Not over \$1200		
1400	1400	100%	of
1600	1600	90%	the
1800	1800	80%	actual
2000	2000	70%	Family
2200	2200	60%	Allowances
2400	2400	50%	received
2600	2600	40%	in the
2800	2800	30%	year
3000	3000	20%	1945.
3200	3200	10%	
3400	3400	0%	

NOTE:—This table applies to married persons and others having the status of married persons for income tax purposes. For the relatively small number of single persons supporting children and not having married status for income tax purposes, and for members of the Armed Forces, special tables can be obtained from the Regional Director of Family Allowances in each provincial capital.

Family Allowances will be paid in full

In all cases, those who apply for and are eligible to receive Family Allowances will receive them in full, month by month. See scale below:

SCALE OF MONTHLY ALLOWANCES FOR THE FIRST FOUR CHILDREN

For each child	
Under 6	5.00
From 6 to 9 (inclusive)	6.00
From 10 to 12 (inclusive)	7.00
From 13 to 15 (inclusive)	8.00

Where there are more than four children under 16 in the family, the monthly allowance for each child after the fourth will be reduced in accordance with the provisions of the Family Allowances Act.

As far as is possible, to take care of the adjustments necessary to avoid duplication of benefits, current income tax deductions at the source will be adjusted to take into account the new situation when Family Allowance payments commence. This will avoid placing an awkward burden on the taxpayers at the end of the year.

FAMILY ALLOWANCES ARE NOT TAXABLE

Special attention is drawn to the fact that the income ranges used in the table above refer to taxable income, and any amounts received as Family Allowances should not therefore be included in calculating income for this purpose because Family Allowances are not taxable.

Family Allowances are also additional to dependents' allowances for servicemen's families and military pensions.

For children registered after July 1st, 1945, Family Allowances will be paid as from the month following the month when registration is made. Family Allowances are not paid retroactively.

Published under the authority of
Hon. BRUCE CLAXTON, Minister,
Department of National Health and Welfare, Ottawa
